Independent Auditor's Report on Audit of Special Purpose Financial Information

To
The Board of Directors of
GMR Aviation Private Limited

Opinion

1. We have audited the accompanying Special Purpose Financial Information of **M/s. GMR Aviation Private Limited** ('the Company') comprising 'Statement of Financial Results', Statement of cash flows for the year ended March 31, 2021, Statement of Assets and Liabilities as at March 31, 2021 and the related party disclosures along with explanatory note thereon ("Special Purpose Financial Information") prepared by the Company's management to assist the management of the GMR Infrastructure Limited (Intermediate Parent Company) in the preparation of its consolidated financial results for the three months and year ended March 31, 2021 pursuant to the requirements of SEBI circular no. CIR/CFD/CMD1/44/2019 dated 29 March 2019 read with Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) ('Listing Regulations'), including relevant circulars issued by the SEBI from time to time.

2. In our opinion and to the best of our information and according to the explanations given to us, the Special Purpose Financial Information:

   (i) presents financial results in accordance with the requirements of Regulation 33 of the Listing Regulations; and

   (ii) gives a true and fair view in conformity with the applicable Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 ('the Act'), read with relevant rules issued thereunder, and other accounting principles generally accepted in India, of the net loss after tax and other comprehensive income and other financial information of the Company for the three months and year ended March 31, 2021

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the* ***Special Purpose Financial Information*** section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('the ICAI') together with the ethical requirements that are relevant to our audit of the Special Purpose Financial Information under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our opinion.

BRAHMAYYA & CO. BENGALURU

Management Responsibilities for the Special Purpose Financial Information

4. This Special Purpose Financial Information has been prepared on the basis of the annual audited financial statements. The Company's Board of Directors is responsible for the preparation and presentation of the Special Purpose Financial Information that gives a true and fair view of the net loss and other comprehensive income and other financial information of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under Section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India, and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Special Purpose Financial Information that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

5. In preparing the Special Purpose Financial Information, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

6. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Special Purpose Financial Information

7. Our objectives are to obtain reasonable assurance about whether the Special Purpose Financial Information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing, specified under section 143(10) of the Act, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Special Purpose Financial Information.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

8. As part of an audit in accordance with the Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

   - Identify and assess the risks of material misstatement of the Special Purpose Financial Information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
   - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.
   - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
   - Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Special Purpose Financial Information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
   - Evaluate the overall presentation, structure and content of the Special Purpose Financial Information, including the disclosures, and whether the Special Purpose Financial Information represents the underlying transactions and events in a manner that achieves fair presentation.

9. Materiality is the magnitude of misstatements in the Special Purpose Financial Information that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Special Purpose Financial Information may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Special Purpose Financial Information.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

11. We also provide those charged with governance with a Special Purpose Financial Information that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter(s)

12. The Special Purpose Financial Information includes the financial information for the three months ended March 31, 2021 and March 31, 2020, being the balancing figures between the audited figures in respect of the full financial year and the unaudited year-to-date figures up to the third quarter of the respective financial years, which were subject to limited review, as required under Listing Regulations.

Our opinion is not modified in respect of the above matters.

Restriction on distribution or use

13. The Special Purpose Financial Information has been prepared by the Company's Management to assist the management of the GMR Infrastructure Limited (GIL) in the preparation of its consolidated financial results for the three months and year ended March 31, 2021 pursuant to the requirements of SEBI circular no. CIR/CFD/CMD1/44/2019 dated 29 March 2019 read with Regulation 33 of the Listing Regulations, including relevant circulars issued by the SEBI from time to time, and therefore, it may not be suitable for any other purpose. This report is issued solely for the aforementioned purpose and for the use of the group auditors, M/s Walker Chandiok & Co LLP, in their audit of consolidated financial statements of GIL, and accordingly should not be used, referred to or distributed for any other purpose or to any other party without our prior written consent. Further, we do not accept or assume any liability or any duty of care for any other purpose for which or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

INDEPENDENT AUDITOR'S REPORT

To The Members of GMR Aviation Private Limited

Report on the Financial Statements

Opinion

1. We have audited the accompanying financial statements of **M/s. GMR Aviation Private Limited** (the "Company"), which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explanatory information. (hereinafter referred to as "financial statements").

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements for the year ended March 31, 2021 give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs (financial position) of the company as at March 31, 2021, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion:

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board report, but does not include the financial statements and our auditor's report thereon.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements:

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), loss (financial performance including other comprehensive income), changes in equity and cash flows in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

7. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

Auditor's Responsibilities for the Audit of the Financial Statements:

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

   (i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

   (ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

   (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

   (iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

(v) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

10. Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

13. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub section (11) of section 143 of the Companies Act, 2013, we give in "Appendix - A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extend applicable.

14. In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the current year, hence the provisions of Section 197 of the Act is not applicable for the current year.

15. As required by Section 143(3) of the Act, we report that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

e) On the basis of written representations received from the directors as on March 31, 2021 taken on record by the board of directors, none of the directors are disqualified as on March 31, 2021 from being appointed as directors in terms of section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Appendix-B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. the Company, as detailed in note 35 (ii) to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2021,

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts required to be transferred to the Investor Education and Protection Fund by the Company.

Appendix - A to the Independent Auditors' Report

The Appendix referred to in Independent Auditors' Report to the members of the Company on the financial statements for the year ended March 31, 2021 we report that:

(i) In respect of the Company's fixed assets

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(b) The Company has a program of verification to cover all the items Property, Plant and Equipment of in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, the company is in the process of reconciliation of differences identified during physical verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company doesn't own any immovable properties of freehold land and building.

(ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.

(iii) (a) The Company has granted loans to its fellow subsidiary company covered in the register maintained under section 189 of the Companies Act, 2013. In our opinion and according to the information and explanation given to us, the terms and condition of the grant of such loans are not prejudicial to the Company's interest.

(b) The Company has granted loans to its fellow subsidiary company covered in the register maintained under section 189 of the Companies Act, 2013. The schedule of repayment of principal and payment of interest has been stipulated for the loans granted and the repayment/receipts are regular.

(c) There are no amounts of loans granted to its fellow subsidiary company listed in the register maintained under section 189 of the Companies Act, 2013 which are overdue for more than ninety days.

(iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable and hence not commented upon.

(v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.

BRAHMAYYA & CO. Accountants BENGALURU

(vi) To the best of our knowledge and as explained, the Central Government has not prescribed maintenance of cost records under section 148(1) of the Companies Act, 2013 for the services of the Company.

(vii)(a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, goods and service tax, cess, tax deducted at source and other statutory dues applicable to the Company.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, service tax, sales tax, duty of custom, duty of excise, value added tax, goods and services tax, cess and other statutory dues were outstanding, at the period end, for a period of more than six months from the date they become payable.

(c) According to the information and explanations given to us, there are no dues of income tax, sales-tax, goods and service tax, customs duty, excise duty, value added tax and cess which have not been deposited on account of any dispute except as stated below:

Name of the statute	**Nature of Dues**	**Amount (Rs.)**	**Period to which amount relates**	**Forum where dispute is pending**
Customs Act	Custom Duty	Rs. 32 Crores	2008-09	CESTAT

(viii) According to the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to a bank and financial institution. The Company has not issued any debentures during the year.

(ix) According to the information and explanations given by the management, during the year the Company has not any money raised by way of term loans except for conversion of have been applied by the Company during the year for the purposes for which they were raised. The Company has not raised moneys by way of initial public offer or further public offer or debt instruments.

(x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the period.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

(xi) According to the information and explanations given by the management, the Company has not provided / paid managerial remuneration during the year. Accordingly, reporting under clause 3(xi) are not applicable and hence not commented upon.

(xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the period under review and hence reporting requirements under clause 3(xiv) are not applicable to the Company and hence, not commented upon.

(xv) According to the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of companies Act, 2013.

(xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the company and hence not commented upon.

Appendix - B to the Independent Auditors' Report

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **M/s. GMR Aviation Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

BRAHMAYYA & CO. BENGALURU

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements.

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that,

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements.

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

BRAHMAYYA & CO. BENGALURU

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

	1,442,666,200	**1,442,666,200**

*One of the aircrafts of the company i.e. Falcon 2000 Ex Easy was seized by the customs authorities on 7th July, 2008 on the grounds of violation of Notification No. 21/ 2002 customs dated 1st March, 2002 as amended by Notification No. 61/2007 customs dated 3rd May 2007. On submission of Bond for Rs.112,00,00,000 and a Bank Guarantee of Rs.32,00,00,000, the customs authorities issued the release order on 16th July, 2008 and on the same day the company received the aircraft from the Customs Department. After considering the submissions made by us and the personal hearing before Commissioner of Customs (Preventive) an Order was issued in our favor dropping all the proposals initiated in the show cause notice. Accordingly, we requested the Commissioner of Customs (Preventive) to release and return the Bank Guarantee. The bank guarantee is not renewed as there is no confirmed liability against the company. Meantime the department preferred appeal along with stay application before CESTAT, New Delhi. The stay had been refused. The issue has been referred to the larger bench of CESTAT along with the similar cases and the hearing has been posted on February 16, 2016. On 12th August 2013, the aforementioned aircraft has been sold. However, the company will indemnify the other party in case of any liability that may arise due to the above. Pending the outcome, amount of liability cannot be quantified.

However, recently Delhi High Court has directed CESTAT to decide matter on the merit. The matter was listed before CESTAT on 02.03.2020 and Department had sought adjournment. The Bench (CESTAT) while reluctantly granting adjournment directed that no further adjournment would be granted and 30-03-2020 would be the last opportunity. However, due to COVID-19 lockdown the matter could not be listed on 30.03.2020. Next Date of hearing yet to be received.

28 Leases

The Company has entered in to commercial property leases for its Office premisses. All include a clause to enable upward revision of rental Charge on an annual basis according to the prevailing market conditions.

32 Financial risk management

(A) Financial risk factors

The Company's principal financial liabilities comprise of borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company has loan and other receivables, trade and other receivables, and cash and short-term deposits that arise directly from its operations. The Company's activities expose it to a variety of financial risks.

i) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings as well as deposits. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2021 and March 31, 2020.

ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

iii) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

Risk management is carried out by the treasury department under policies approved by the board of directors. The treasury team identifies and evaluates financial risks in close co-operation with the Company's operating units. The board provides principles for overall risk management, as well as policies covering specific areas, interest rate risk, and credit risk.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, Investments carried at FVTPL and deposits.

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates. The company as of now considering the materiality of the transactions have not entered into any hedging or derivative contracts.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED DELHI

(a) Interest rate risk and sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to long term debt. The management maintains only the floating debt. Borrowings issued at variable rates expose the Company to cash flow interest rate risk. As at March 31, 2021, 100% of the Company's borrowings are at a floating rate of interest (March 31, 2020: 100%).

With all other variables held constant, the following table demonstrates the impact of borrowing cost on floating rate portion of loans and borrowings.

Amount in Rs.

Interest rate Sensitivity	Increase/Decrease in Basis points	Effect on Profit Before Tax
For the year ended 31 Mar 2021		
Term Loans	+25	918,933
	-25	(918,933)
For the year ended 31 Mar 2020		-
Term Loans	+25	1,072,294
	-25	(1,072,294)

The assumed movement in basis points for interest rate sensitivity analysis is based on the company's market interest rate movement during the Financial year.

(b) Foreign currency risk:

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Currency risk arises when transactions are denominated in foreign currencies.

The Company has transactional currency exposures arising from services provided or availed that are denominated in a currency other than the functional currency. The foreign currencies in which these transactions are denominated are mainly in USD. The Company's trade receivable and trade payable balances at the end of the reporting period have similar exposures.

The Company does not use any financial derivatives such as foreign currency forward contracts, foreign currency options or swaps for hedging purposes.

Amount in Rs.

Particulars(Currency)	Change in rate (%)	For the year ended 31 Mar 2021	For the year ended 31 Mar 2020
USD Rate	5.00%	41,730	2,739,678
	-5.00%	(41,730)	(2,739,678)
EURO Rate	5.00%	337	856
	-5.00%	(337)	(856)

(ii) Credit risk

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and loans from financial institutions.

Trade Receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its major share of revenue is through customers/(Individuals) who pay for services at time of checkout. The receivables consists majorly of corporate clients who are well established and are located in various jurisdictional locations.

The ageing of trade receivable is as below:

Amount in Rs.

Particulars	Debtors ageing	
	<180 days	>180 days
Trade receivables		
As at 31 Mar 2021		
Unsecured	87,816,736	90,579,090
Net Total	**87,816,736**	**90,579,090**
As at 31 Mar 2020		
Unsecured	125,797,278	89,849,684
Net Total	**125,797,278**	**89,849,684**

Financial instruments and cash deposits

The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Company has also availed borrowings.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED DELHI

(iii) Liquidity risk

The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on a mix of borrowings and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs.

The table below provides undiscounted cash flows towards long term borrowings and other financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

Amount in Rs.

Particulars	As at 31 Mar 2021	As at 31 Mar 2020
	On Demand	On Demand
Trade and Other payables	104,717,779	143,158,018
Total	**104,717,779**	**143,158,018**

33 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company manages all its capital requirements through two means:

(i) The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

(ii) The company effectively manages its finances through the term loan from CLIX Finance India Pvt Ltd and overdraft facility it has taken from IDBI bank.

(iii) The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the gearing ratio between 30% and 60%.

Amount in Rs.

Particulars	31 Mar 2021	31 Mar 2020
Borrowings	257,411,661	312,209,579
Net Debt	**257,411,661**	**312,209,579**
Total equity (Share capital & Other equity)	1,314,138,870	1,295,587,660
Capital and net debt	**1,571,550,530**	**1,607,797,239**
Gearing ratio (%)	**16.38%**	**19.42%**

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.
No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2021 and March 31, 2020.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED DELHI

34 Fair value of financial assets and liabilities

Set out below is a comparison by class of the carrying amounts and fair value of the Company's financial instruments that are recognized in the financial statements.

Amount in Rs.

Particulars		As at 31 Mar 2021	As at 31 Mar 2020
Financial liabilities:			
Designated at amortized cost			
Term Loans from Banks:	Carrying amount	257,411,661	312,209,579
	Fair Value	257,411,661	312,209,579
Financial Assets:			
Designated at amortized cost			
Security deposit			
- to related parties	Carrying amount	1,062,114	1,062,114
	Fair value	1,062,114	1,062,114

The management assessed that cash and cash equivalents, trade receivables, other current financial assets, trade payables, and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

(A) Significant observable inputs used in estimating the fair values

(i) Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project.

(ii) Interest Rate factor has been considered at a rate of 11.44% p.a. by the company for discounting the Security deposit.

(iii) Investments are valued at fair value based on the Market rates available.

(B) Fair valuation techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

1) Fair value of cash and deposits, trade receivables, staff advances, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

2) Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. For variable interest rate borrowing fair value is determined by using the discounted cash flow (DCF) method using discount rate that reflects the issuer's borrowings rate. Risk of non-performance for the company is considered to be insignificant in valuation.

(C) Fair Value hierarchy

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 3 as described below:

i) Quoted prices / published NVA (unadjusted) in active markets for identical assets or liabilities (level 1). It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date and financial instruments like mutual funds for which net assets value (NAV) is published mutual fund operators at the balance sheet date.

ii) Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2). It includes fair value of the financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on the company specific estimates. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.

iii) Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED DELHI

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 3 as described below:

Assets / Liabilities measured at fair value using significant observable inputs — **Amount in Rs.**

Particulars	As at 31 Mar 2021		
	Level -1	Level - 2	Level - 3
Financial Liabilities measured at amortized cost			
Term loan from Banks/FI's	-	-	257,411,661
			-
Financial Assets measured at amortized cost			-
Liquid mutual funds	-	-	-
Security deposit	-	-	1,062,114

Assets / Liabilities measured at fair value using significant observable inputs — **Amount in Rs.**

Particulars	As at 31 Mar 2020		
	Level -1	Level - 2	Level - 3
Financial Liabilities measured at amortized cost			
Term loan from Banks/FI's	-	-	312,209,579
	-	-	-
Financial Assets measured at amortized cost	-	-	-
Liquid mutual funds	-	-	-
Security deposit	-	-	1,062,114

During the year ended March 31, 2021, March 31, 2020 and April 1, 2019, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfer into and out of Level 3 fair value measurements

TOTAL	**322,666,200**	**322,666,200**

*One of the aircrafts of the company i.e. Falcon 2000 Ex Easy was seized by the customs authorities on 7th July, 2008 on the grounds of violation of Notification No. 21/ 2002 customs dated 1st March, 2002 as amended by Notification No. 61/2007 customs dated 3rd May 2007. On submission of Bond for Rs.112,00,00,000 and a Bank Guarantee of Rs.32,00,00,000, the customs authorities issued the release order on 16th July, 2008 and on the same day the company received the aircraft from the Customs Department. After considering the submissions made by us and the personal hearing before Commissioner of Customs (Preventive) an Order was issued in our favor dropping all the proposals initiated in the show cause notice. Accordingly, we requested the Commissioner of Customs (Preventive) to release and return the Bank Guarantee. The bank guarantee is not renewed as there is no confirmed liability against the company. Meantime the department preferred appeal along with stay application before CESTAT, New Delhi. The stay had been refused. The issue has been referred to the larger bench of CESTAT along with the similar cases and the hearing has been posted on February 16, 2016. On 12th August 2013, the aforementioned aircraft has been sold. However, the company will indemnify the other party in case of any liability that may arise due to the above. Pending the outcome, amount of liability cannot be quantified

36 Related party transactions

GMR AVIATION PRIVATE LIMITED DELHI

GMR AVIATION PRIVATE LIMITED
CIN: U62200DL2006PTC322498
Summary of Significant Accounting Policies

1. Corporate and General Information:

GMR Aviation Private Limited ('GAPL' or 'the Company') is a private limited Company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The company is wholly owned subsidiary of GMR Infrastructure Limited. The Company is incorporated with the objective of own, operate and maintain non-schedule aircrafts and helicopter. Company holds a valid Non-Scheduled Operator's Permit under Aircraft Rules, 1937 issued by Director General of Civil Aviation.

2. Significant Accounting Policies

A. Basis of preparation

(a) **Ind AS Compliance Statement:**

The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of Companies Act, 2013 (the 'Act') (to the extent notified). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in Indian Rupees (INR).

(b) **Significant accounting estimates, assumptions and Judgements:**

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognised in the financial statement.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements pertain to:

(i) **Property, Plant and Equipment:**

The Company has estimated useful life of each class of assets based on the nature of assets, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, etc. The Company reviews the carrying amount of property, plant and equipment and Intangible assets at the Balance Sheet date. This reassessment may result in change in depreciation expense in future periods.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

(ii) **Intangibles:**

Internal technical or user team assess the useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

(iii) **Impairment of non-financial assets:**

Property, plant and equipment and Intangible assets are tested for impairment when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

(iv) **Defined benefit plans:**

The present value of the gratuity obligation is determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, rate of increment in salaries and mortality rates. Due to complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All the assumptions are reviewed at each reporting date.

(v) **Fair value measurement of financial instruments:**

When the fair values of financial assets and financial liabilities on reporting date cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques i.e., the DCF model. The inputs to these models are taken from observable markets.

(vi) **Contingencies**:

Management judgement is required for estimating the possible inflow/outflow of resources, if any, in respect of contingencies/claims/litigations against the company/by the company as it is not possible to predict the outcome of pending matters with accuracy.

(vii) **Income taxes:**

Management judgment is required for the calculation of provision for income taxes and deferred tax assets/liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets/liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

B. Change in accounting policies and disclosures

On March 30, 2019, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2019, which notified Ind AS 116 - Leases. The amendment rules are effective from reporting periods beginning on or after April 01, 2019. This standard replaces current guidance under Ind AS 17.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED Delhi

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model.

Company as a Lessor:

Lessor accounting under Ind AS 116 is substantially unchanged under Ind AS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in Ind AS 17. Therefore, Ind AS 116 did not have an impact for leases where the Company is the lessor, except for recording the lease rent on systematic basis or straight-line basis as against Ind AS 17 wherein, there was an exemption for not providing straightlining in case the escalations are in line with inflation.

Company as a Lessee:

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of April 1, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying Ind AS 17 at the date of initial application. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option ('short-term leases'), and lease contracts for which the underlying asset is of low value ('low-value assets').

C. Summary of significant accounting policies:

Current vs. Non-Current Classifications

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

(a) An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other asset are classified as non-current.

(b) A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The company has identified twelve months as its operating cycle.

(c) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

All property, plant and equipment are initially recorded at cost. Cost includes the acquisition cost or the cost of construction, including duties and taxes (other than those refundable), expenses directly related to the acquisition of assets and making them operational for their intended use and, in the case of qualifying assets, the attributable borrowing costs (refer note no. 3(d) below). Initial estimate shall also include costs of dismantling and removing the item and restoring the site on which it is located.

Any subsequent expenditure is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the Statement of Profit and Loss when the asset is derecognized. Property, Plant and Equipment which are found to be not usable or retired from active use or when no further benefits are expected from their use are removed from the books of account and the carrying value if any is charged to Statement of Profit and Loss.

Depreciation is charged to profit or loss so as to write off the cost of assets less their residual values over their useful lives, using the straight line method.

"The estimated useful lives of the depreciable assets are as follows:

Class of Assets	Estimated Useful Life
Aircrafts	25 -Years
Furniture and Fixtures	4-7 -Years
Computer Equipment	3-7 -Years
Vehicles	5-10 Years

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(d) Intangible Assets

Identifiable intangible assets are recognised:

a) when the Company controls the asset,

b) it is probable that future economic benefits attributed to the asset will flow to the Company and

c) the cost of the asset can be reliably measured.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and impairment losses if any.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognized.

Computer software is classified under "Intangible Assets" and the Costs incurred towards purchase of computer software are amortized over the useful life as estimated by the Management which is about 3 years for all of the intangible computer software and licenses. The asset's useful lives are reviewed at each financial year end.

(e) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(f) Leases

The determination of whether an agreement is (or contains) a lease based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement

Company as a lessee:

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at fair value of the leased property on inception date or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are capitalised to "right of use assets" at the present value of the future lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss. A "right of use assets" are depreciated over the lease term.

In case of a short term lease contract and lease contracts for which the underlying asset is of low value, lease payments are charged to statement of profit and loss on accrual basis.

Company as a lessor:

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Income from operating lease is recognised on a straight-line basis over the term of the relevant lease.

Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

rewards of ownership transfers from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

(g) Inventories

"Spare parts, stand-by equipment and servicing equipment are recognised in accordance with Ind AS-16 when they meet the definition of Property, Plant and Equipment. Otherwise, such items are classified as inventory.

Spare parts, stand-by equipment and servicing equipment when classified as inventories are stated at the lower of cost or net realisable value. Cost is determined on a weighted average basis and includes other directly associated cost in bringing the inventories to their present location and condition. Net realizable value is the estimated current procurement price in the ordinary course of business"

(h) Impairment of non-financial assets

At every reporting date the company conducts assessment of any indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash generating units (CGUs) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

(i) Foreign Currency transaction:

i) Functional and Presentation Currency:

Items included in the financial statements of the company are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

ii) Transactions and Balances:

Foreign currency denominated transactions are initially recognised in the functional currency (i.e. INR) at the spot exchange rate prevalent on the date of transaction or a rate that approximates the actual rate at the date of the transaction.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

Subsequently monetary items are translated at closing exchange rates of balance sheet date and the resulting exchange difference recognised in profit or loss. Exchange Differences arising on settlement of monetary items are also recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transaction. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the exchange rates prevailing at the date when the fair value was determined. Exchange component of the gain or loss arising on fair valuation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to such exchange difference.

(i) Revenue Recognition

"Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

(a) Revenue from contracts with customers is recognised when control of the service is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the services before transferring them to the customer.

(b) Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised service to the customer and when the customer pays for that service will be one year or less.

(c) Revenue from Chartering Service is recognized on accrual basis, as per the terms of the agreement entered into with the customers.

(ii) Interest income:

(a) Interest income is recognised by the company on a time proportion basis taking into account the amount outstanding and the rate applicable as on reporting date. Except the interest income received from customers for delayed payments which is accounted on the basis of reasonable certainty / realisation

(b) For all financial assets measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

the financial asset. Interest income is included in finance income in the statement of profit and loss.

(j) Employee benefits

(i) Gratuity

Gratuity is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of the gratuity is calculated by estimating the amount of future benefit that employee has earned in exchange of their service in the current and prior periods and discounted back to the current valuation date to arrive at the present value of the defined benefit obligation. The defined benefit obligation is deducted from the fair value of plan assets, to arrive at the net asset / (liability), which need to be provided for in the books of accounts of the Company.

As required by the Ind AS 19, the discount rate used to arrive at the present value of the defined benefit obligations is based on the Indian government security yields prevailing as at the balance sheet date that have maturity date equivalent to the tenure of the obligation.

The calculation is performed by a qualified actuary using the projected unit credit method. Remeasurements arising from defined benefit plans comprises of actuarial gains and losses on benefit obligations. The Company recognizes these items of remeasurements immediately in other comprehensive income and all the other expenses related to defined benefit plans as employee benefit expenses in their profit and loss account.

When the benefits of the plan are changed, or when a plan is curtailed or settlement occurs, the portion of the changed benefit related to past service by employees, or the gain or loss on curtailment or settlement, is recognized immediately in the profit or loss account when the plan amendment or when a curtailment or settlement occurs.

(ii) Compensated absences

Accumulated leaves, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

(k) Taxes

Income tax expense represents the sum of current and deferred tax (including MAT). Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income, in such cases the tax is also recognised directly in equity or in other comprehensive income. Any subsequent change in direct tax on items initially recognised in equity or other comprehensive income is also

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

recognised in equity or other comprehensive income, such change could be for change in tax rate.

(i) Current Taxes:

current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Current tax assets and Current tax liabilities are off set, and presented as net.

(ii) Deferred Taxes:

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the Balance sheet approach. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

(l) Segment Accounting

The Company is primarily engaged in a single segment i.e. operating non-scheduled aircrafts and helicopter. The risk and returns of the Company are predominantly determined by its principal activity and the Company's activities fall within a single business and geographical segment. Accordingly, no further disclosures are required as per the Accounting standard 17 Ind AS 108 on segment reporting notified by the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter Companies (Accounting Standards) Rules, 2006, (as amended)

(m) Earning per share

Basic Earnings Per Share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating Diluted Earnings Per Share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(n) Provisions and Contingencies

(i) Provisions

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

Provisions are recognised in statement of profit and loss when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognised for future operating losses.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provisions.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provisions are reversed.

(ii) Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

(o) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

(i) Initial recognition

Financial Assets are measured at amortised cost or fair value through Other Comprehensive Income or fair value through Profit or Loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics. Subsequent measurements of financial assets are dependent on initial categorization. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

(ii) Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in three categories.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

(a) Debt instruments at amortised cost

(b) Debt instruments at fair value through Profit and Loss (FVTPL)

(c) Equity instruments measured at fair value through Profit and Loss (FVTPL)

(a) Debt Instruments at amortised cost:

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

(i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

(b) "Debt instrument at fair value through profit and loss (FVTPL):

AS per the Ind AS 101 and Ind AS 109 company is permitted to designate the previously recognised financial asset at initial recognition irrevocably at fair value through profit or loss on the basis of facts and circumstances that exists on the date of transition to Ind AS. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

(c) Equity Instruments at fair value through profit and loss (FVTPL):

Equity instruments/Mutual funds in the scope of Ind AS 109 are measured at fair value. The classification is made on initial recognition and is irrevocable. Subsequent changes in the fair values at each reporting date are recognised in the statement of profit or loss.

(iii) De-recognition of financial asset:

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED DELHI

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the balance sheet) when:

(a) The rights to receive cash flows from the asset have expired, or

(b) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

(ii) Financial liabilities

(i) Initial recognition

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognised initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

(ii) Subsequent measurement

a. Financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the statement of profit and loss.

b. Financial liabilities at amortised cost:

Amortised cost, in case of financial liabilities with maturity more than one year, is calculated by discounting the future cash flows with effective interest rate. The effective interest rate amortization is included as finance costs in the statement of profit and loss.

Financial liability with maturity of less than one year is shown at transaction value.

(iii) De-Recognition of Financial liability

A financial liability is derecognized when the obligation under the liability are discharged or cancelled or expired. The difference between the

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

(iii) Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(iv) Cash and cash equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the Statement of Cash Flows, cash and cash equivalents consists of short term deposits, as defined above, net of outstanding bank overdraft as they being considered as integral part of the company's cash management.

(p) Fair value measurement

The Company measures available-for-sale equity securities and derivatives at fair value on a recurring basis and other assets when impaired by reference to fair value less costs of disposal. Additionally, the fair value of other financial assets and liabilities require disclosure.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Fair value is measured by reference to the principal market for the asset or liability assuming that market participants act in their economic best interests.

The fair value of a non-financial asset assumes the asset is used in its highest and best use, either through continuing ownership or by selling it.

The Company uses valuation techniques that maximize the use of relevant observable inputs using the following valuation hierarchy:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

Further disclosures on the particular valuation techniques used by the Group are provided in note no 34.

BRAHMAYYA & CO. Chartered Accountants BENGALURU

GMR AVIATION PRIVATE LIMITED

For impairment testing purposes and where significant assets (such as property) are valued by reference to fair value less costs of disposal, an external valuation will normally be obtained using professional valuers who have appropriate market knowledge, reputation and independence
